12.0 AHRA (Cat. A ARRT)

COURSE DESCRIPTION

Back by popular demand, our three-day, 12-hour virtual workshop will tackle some of the toughest coding and documentation challenges in all of healthcare. This year radiology, both diagnostic and interventional, takes center stage. Specific topics include CPT®/HCPCS and ICD-10-CM coding, changes to evaluation and management (E&M) guidelines, navigating the CMS website and Medicare's medical necessity determinations.

This workshop is unlike any educational event currently offered. All eight sessions feature insights and instruction from some of the country's most respected and knowledgeable subject matter experts. The workshop also includes several opportunities for testing your knowledge through actual case examples and face-to-face Q&A time as you tackle some of the toughest coding and documentation challenges in all of healthcare!

See the next page for an agenda and overview of each session.

DISCLAIMER: This educational program is being conducted in accordance with the PhRMA Code on Interactions with Healthcare Professionals and is intended only for attendance by U.S. Healthcare Professionals.

LIVE EVENT AGENDA

Day 1 – Thursday, October 7

4.0 CEU Credits

10:00 – 12:00 PM
(2 hours)

CPT CODING FOR NON-VASCULAR INTERVENTIONAL RADIOLOGY PROCEDURES

- Coding for common nonvascular IR services
- Review of CPT® code sets for these services
- Tips and tricks to achieve correct, complete and compliant code assignments

Presenter: Donna Richmond

12:00 – 12:30 PM

BREAK

12:30 – 2:30 PM
(2 hours)

VASCULAR INTERVENTIONAL RADIOLOGY CODING

- CPT®/HCPCS and Category III coding for vascular IR procedures
- Component, hybrid and bundled coding
- Documentation, anatomy and clarification of confusing guidelines

Presenter: Cathy Huyghe

Day 2 – Thursday, October 14

4.0 CEU Credits

10:00 – 11:30 AM
(1.5 hours)

ICD-10-CM DIAGNOSIS CODING GUIDELINES AND REFERENCES

- Review of ICD-10-CM official guidelines, specific to radiology services
- Help with finding the appropriate guidelines
- Review of references such as AHA Coding Clinics®

Presenter: Donna Richmond

11:30 – 11:45 AM

BREAK

11:45 – 1:15 PM
(1.5 hours)

A DEEP DIVE INTO THE 2021 E&M OFFICE VISIT GUIDELINES

- 2021 changes to E&M Office and Other Outpatient Visit guidelines
- Selecting a level of service based on time and medical decision-making
- Discussion of AMA errata

Presenter: Becky Rodrian-Jacobsen

1:15 – 1:30 PM

BREAK

1:30 – 2:30 PM
(1 hour)

CURRENT TRENDS IN RADIOLOGY CPT CODING

- Current and anticipated CPT® coding trends specific to radiology procedures and policies
- HCPCS, CPT-4 and Category III (i.e., T-codes)
- Guidance with radiology-specific local coverage determination (LCD) and national coverage determination (NCD) policy changes

Presenter: Donna Richmond

LIVE EVENT AGENDA

Day 3 – Thursday, October 21

4.0 CEU Credits

10:00 – 12:00 PM
(2 hours)

DIAGNOSTIC RADIOLOGY

- Plain film, CT, MR, ultrasound, fluoroscopy and nuclear medicine procedures
- Guidance with achieving correct procedural coding and compliant documentation
- Clarification of areas of confusion

Presenter: Cathy Huyghe

12:00 – 12:15 AM

BREAK

12:15– 1:15 PM
(1 hour)

NAVIGATING THE CMS WEBSITE

How to efficiently locate essential content on the CMS Medicare website, including transmittals, notices and new rules, manuals, drug information, codes (HCPCS and ICD-10) and National Drug Code (NDC) numbers.

Presenter: Donna Richmond

1:15 – 1:30 PM

BREAK

1:30 – 2:30 PM
(1 hour)

MEDICAL NECESSITY FOR MEDICARE

- Overview of the Medicare Coverage Database Search site
- How to find NCD information, including nationally covered diagnosis codes
- LCDs vs. billing and coding articles and why both are important
- What to do when your Medicare Administrative Contractor (MAC) doesn't have an LCD for a specific procedure/exam

Presenter: Donna Richmond
